Experience

April 2019 - November 2019

Savant Learning Solutions, Martin TN - *Full Stack Web Developer*

- Created an in-house video player that allowed teachers to present custom, unique videos to their virtual classrooms.
- Created a “slides” feature that ultimately enabled teachers to provide quizzes throughout the video at specific times.

March 2017 - June 2018

TaskEasy, SLC UT - *Jr. Full Stack Web Developer*

- Created a checkout system for users trying to schedule/order lawn care tasks using a credit card/paypal. Also accounted for coupons and special codes for discounted services.
- Worked very closely in a team setting with multiple project managers, developers, and designers to power through tough, high priority tasks, while still keeping deadlines.

January 2017 - March 2017

TaskEasy, SLC UT - *Intern / Front End Web Developer*

- Managed a team of interns tasked with refactoring the customers timeline page. Displaying past/future scheduled tasks as well as the ability to change future ones.
- Constructed a brand new Customer Dashboard to represent the history of a user. Allowing them to update/maintain their information as well as order/view new services.

Education

September 2014 - June 2017

Neumont College of Computer Science, SLC UT

- **Bachelors of Science in Web Design and Development**
- 3.66 GPA
